How to evaluate JCSP Initiatives

Check that your loudspeaker is turned on to hear narration
Co-Ordinators

Diary

Allocations

JCSP co-ordinators have a wide range of responsibilities from planning and record keeping to liaising with teachers, students and parents. Each co-ordinator and school is supported in his or her work by the JCSP Support Service. The support service can provide assistance in developing the JCSP Programme by school visits to meet staff and students, arranging school-based in-service when requested and answering any queries that arise.

Use the Diary link above to see a calendar of the important meeting dates throughout the school year, and for advice for new co-ordinators. The Forms link has a selection of useful forms with ideas for record keeping, while the Allocations link is where to go for information and suggestions on the use of the Department of Education and Science time allocation and capitation.
Please check if you have the evaluations returned (on-line) from last year's initiatives as this will have a bearing on what initiatives will be approved for your school this year. Thanks to all of you who have returned evaluations - they make for wonderful reading and will enrich the reports of your activities. Particular thanks to all of you who returned really lovely photographs of students and teachers involved in the JCSP initiatives - keep them coming!

Please note that the closing date for applications for this round 02/11 is Friday 30th September 2011.

There are some reports from the last round to be filled in. Please submit the reports [here].
