Welcome to the new JCSP website

The Junior Certificate School Programme is based on the concept that all young people are capable of real success in school and that they can have a positive experience of school if the conditions are favourable. The Programme is a national Department of Education and Science Programme within the Junior Certificate aimed at students who may leave school early.

Every year a small group of students leave school, some of them without attempting any of the State examinations. For many of these young people, their experience of school has been one of failure and alienation. The Junior Certificate School Programme has been designed to ensure that these young people can benefit from their time in school and enjoy the experience of improvement and success. **Click here for more information**.

We Have Moved!

The new address of the JCSP Support Service is:

Blackrock Education Centre, Kill Avenue, Dun Laoghaire, Co Dublin

New Student - JCSP
1. Enter the details for the student. Press 'Save' to submit the details, or press 'Return without Saving' if you've made a mistake and want to start over.
2. There is no separate uploading stage, student profiles are viewable by you and the JCSP central office as soon as you press "Save" on this page.
3. You can make as many additions, changes, and corrections to your profiles as you need to, it doesn't have to be all done in one login session.
4. When you're completely finished (for all the JCSP students for the entire year) you need to click the "All Profiles Submitted" button (on the first page as soon as you login, click your login name at the bottom of the navigation on the left to go back to that screen). This notifies the JCSP central office that they can process your student information and prepare the certificates.
Enter student details here
Last Name:
First Name:
Department of Education and Science Number:
Date of Birth:
1 January 1990
Start Date in JCSP:
1 January 2006
Statements Achieved:
