

DEIS ACTION PLANNING SEMINAR

9.30AM TO 3.30PM

An opportunity to engage in the DEIS Action Planning process

CHOOSE ONE OF THE FOLLOWING DATES:

4th, 6th, 11th, 13th, 18th, 20th and 25th October

8th, 10th, 15th, 17th and 22nd November

WHAT WE DO:

Substitution cover is provided

- An opportunity to engage in the DEIS Action planning process, through the 8 themes of DEIS. It will focus on how to effectively gather relevant baseline data and subsequently set SMART targets. Participants will examine the difference between targets and actions and how to link both. This will be examined with a particular focus on effective approaches to teaching and learning contained in the actions, identified by the school to benefit student attainment and inclusion.
- Consideration will be given to acknowledging effective Teaching, Learning and Assessment as the core activity for engineering change in schools. Participants will consider how effective Teaching & Learning supports the implementation of actions under the three areas of classroom practice, subject department and whole school level. Monitoring and evaluating the impact of these targets and actions will be explored. Communicating a summarised DEIS report to the community and the Board of management will be reviewed.
- *This is an opportunity for any teacher to attend (with a maximum of two participants per school).*
