

Junior Certificate School Programme

Blackrock Education Centre, Kill Avenue, Dún Laoghaire, Co. Dublin

Supporting teachers and students within the Junior Certificate School

Programme

Introductory text for JCSP Statements Supporting The Junior Cycle Wood Technology

The statements below were developed with input from a number of practicing Wood Technology teachers in JCSP schools. They are offered **as one possible model** that teachers may use to approach the new Junior Cycle Wood Technology Specification. They will be adjusted over time based on feedback from teachers in JCSP schools.

The new Wood Technology Specification may be accessed in full at www.curriculumonline.ie.

In addition, support for teaching of the Junior Cycle Specification may be accessed through the Junior Cycle for Teachers (JCT) Technologies team at www.jct.ie.

It is important to note that the statements below offer a sample approach for the creation of Junior Cycle Wood Technology statements. They do not cover all of the learning outcomes which are expected to be taught in the new junior cycle course.

August 2023

I can manage myself and my resources in Wood Technology

Wood			
Techi	101	ogy	

Statement Code: WTJC1

	Student:	Class:
1		

I can

I have begun 🔲 🗌 I am working on this 🔲 🔲 I can 🔲 🔲				
This has been demonstrated by my ability to: 1. Be on time and have what I need for class 2. Keep my bench and other workspaces tidy 3. Store my materials neatly at the end of class 4. Correctly store tools and equipment that I have used in class 5. List five safety procedures in the Wood Technology classroom 6. Work safely with others 7. Describe what I have done well and what I need to improve on in a piece of work 8. Identify a range of hand tools 9. Identify a range of power tools and machines 10. Identify a range of fixtures and fittings				
Reflecting on my learning				
One thing I did well				
One thing I did to improve				
I really enjoyed because
