

## **Introductory text for JCSP Statements Supporting The Junior Cycle Applied Technology**

The statements below were developed with input from a number of practicing Applied Technology teachers in JCSP schools. They are offered **as one possible model** that teachers may use to approach the new Junior Cycle Applied Technology Specification. They will be adjusted over time based on feedback from teachers in JCSP schools.

The new Applied Technology Specification may be accessed in full at [www.curriculumonline.ie](http://www.curriculumonline.ie).

In addition, support for teaching of the Junior Cycle Specification may be accessed through the Junior Cycle for Teachers (JCT) Technologies team at [www.jct.ie](http://www.jct.ie).

It is important to note that the statements below offer a sample approach for the creation of Junior Cycle Applied Technology statements. They do not cover all of the learning outcomes which are expected to be taught in the new junior cycle course.

# I can manage myself and my work in Applied Technology

**Applied  
Technology**

**Statement Code: ATJC1**

Student:

Class:

## I can

I have begun  | I am working on this  | I can

### This has been demonstrated by my ability to:

1. Be on time for my Applied Technology class
2. Have all my materials with me for my Applied Technology class
3. Follow the rules of the Applied Technology classroom
4. Work safely when using hand tools
5. Use machinery correctly and in a safe manner
6. Write three personal targets to help me in my Applied Technology class
7. Create a storyboard showing the steps of how I made a project from start to finish
8. Discuss at least 3 skills I used in completing a project
9. Reflect on my work in my Applied Technology class
10. Work with my teacher and other students in a positive and respectful manner

## Reflecting on my learning...

One thing I did well...

One thing I did to improve...

I really enjoyed...

because...
