At Junior Certificate level the student can:

Apply the skills, knowledge and understanding needed for the measurement of length and distance in everyday situations

Learning Targets - This has been demonstrated by your ability to:

1. Name the words used in length and distance: kilometres, metres, centimetres, millimetres etc.
2. Pick out the units of length and distance on a ruler, metre stick and measuring tape
3. Use a measuring tape
4. Measure straight lines using a ruler and measuring tape
5. Work out the distance between two places on a map using the scale on the map
6. Draw lines of different lengths
7. Measure a room, for example, bedroom, kitchen using a measuring tape
8. Pace out the measurement of different places, for example classrooms, football pitches and bedrooms
9. Estimate the length of common objects
10. Estimate the distance between two objects
