At Junior Certificate level the student can:

**Explain the need for a wide variety of safety procedures in the workplace and act on these**

### Learning Targets - This has been demonstrated by your ability to:

1. Explain how to use tools and equipment correctly and safely
2. Give examples of safe practices in the workplace
3. Use all tools and equipment correctly and safely
4. Describe how to use electrical equipment correctly and safely
5. Use electrical equipment correctly and safely
6. Store all tools, materials and equipment safely
7. Describe the effects on the body of inhaling or touching chemical substances
8. Suggest ways of avoiding these risks
9. Describe the effects of chemical substances on the environment
10. Suggest ways of minimising these effects
11. List the different procedures for self-protection at work, including the use of protective clothing
