Punctuality (CC1) - Is usually or always on time for school, class periods and other appointments.

Attendance (CC2) - Attends regularly and is never absent without good reason.

Working with Others (CC3) - Works with others and makes a positive contribution to group activities.

Working Alone (CC4) - Carries out appointed tasks without supervision.

Homework (CC5) - Usually or always submits satisfactory work, completed on time.

Cross-Curricular Project (CC6) - Can plan, prepare and carry out, with assistance, a project involving different subject areas.

Action Project (CC7) - Can actively participate in the planning, preparation and carrying out of an action project appropriately and responsibly.

Action Project Report (CC8) - Can present the findings of an action project in which they participated.

Project Skills: Historical (CC9) - Can research, organise and present an historical project with assistance.

Field Trip (CC10) - Can plan, prepare and carry out a field trip as part of a group; carry out allocated tasks and appropriately present their findings and evaluate the experience.

Project Skills (CC11) - Can organise a project and present/display the result with assistance using medium of choice.

Basic Research and Statistics (CC12) - Can carry out a simple research project with assistance and display the result appropriately.

Information Management (CC13) - Can use, gather, sequence and interpret information from a wide range of sources with assistance and present this information in different ways.

Organising & Planning a School Function (CC14) - Can work as part of a team in order to plan, prepare and present all aspects of a simple school function.

Social Competence: Reading from Texts (CC15) - Can find general and specific information from a variety of texts.

Social Competence: Functional Writing (CC16) - Can make appropriate use of written language when dealing with the normal demands of school and everyday life.

Social Competence: Listening (CC17) - Can use written and oral language to demonstrate the ability to listen and retain information accurately.

Social Competence: Speaking (CC18) - Can use the spoken word to accurately express opinions and experiences in a social context.

Measurement of Time (CC19) - Can apply the skills, knowledge and understanding needed for the measurement of time in everyday situations.

Measurement of Temperature (CC20) - Can apply the skills, knowledge and understanding for the measurement of temperature in everyday situations.
Measurement of Weight/Capacity (CC21) - Can apply the skills, knowledge and understanding needed for the measurement of weight/capacity in everyday situations.

Measurement of Length and Distance (CC22) - Can apply the skills, knowledge and understanding needed for the measurement of length and distance in everyday situations.

Money Management (CC23) - Can manage personal and household finances.

The Business of Living (CC24) - Can manage personal finances in the area of income, expenditure and budgeting.

Consumer Studies (CC25) - Can use relevant knowledge about consumer rights to make informed consumer choices.

Health and Nutrition (CC26) - Can use relevant knowledge about health and nutrition to make informed lifestyle choices.

Shape and Space (CC27) - Can apply knowledge and understanding of the proportions of common two and three dimensional shapes to their work.

Spatial Awareness (CC28) - Can apply knowledge of direction and space to their work.

Drawing and Sketching (CC29) - Can use a range of drawing and sketching techniques to record information and to communicate information graphically.

Craft and Materials: Construction and Assembly (CC30) - Can work with a range of craft materials to create and finish a piece of work.

Horticulture: Basic Cultivation (CC31) - Can cultivate and care for a variety of flowers, bulbs, vegetables, herbs and other plants.

Practical Horticulture (CC32) - Can plan and carry out simple horticultural projects that demonstrate a familiarity with varied methods of cultivation.

Health and Safety (CC33) - Can explain the need for a wide variety of safety procedures in the workplace and act on these.

Animal Care (CC34) - Can take care of and be aware of the needs of an animal of choice.

Animal Care: Horse, Pony or Donkey (CC35) - Can relate the history and use the terms associated with horses and understand the important aspects of caring for a horse, pony or donkey.

Positive Communication (CC36) - Can communicate with people in a positive manner and apply these skills to maintain friendships.

Relationships: Self - Awareness (CC37) - Can identify, express and display personal qualities in a positive way showing an awareness of the needs of other people.

Relationships: Self and Others (CC38) - Can understand and recognise the need for the different codes of behaviour.

Growth and Development 1 (CC39) - Can make informed choices within personal relationships.

Growth and Development 2 (CC40) - Can apply the skills needed to clarify values and make lifestyle decisions.
Photography (CC41) - Can apply the knowledge and skills necessary to plan, execute and finish a work in two dimensions.

Video Production (CC42) - Can plan, prepare and make a short video sequence on a topic of choice.

Interculturalism: Self and Others (CC43) - Can gather and interpret material relating to uniqueness and difference.

Interculturalism: Diversity and Change in Ireland (CC44) - Can examine the world influences on Irish culture and society, past and present.

Home Studies I (CC45) - Can describe important aspects of home management and carry out some basic home maintenance tasks (1).

Home Studies II (CC46) - Can describe important aspects of home management and carry out some basic home maintenance tasks (2).

Rural Studies (CC47) - Can describe important aspects of rural home management and carry out some basic farm maintenance tasks.

Rules of the Road (CC48) - Can recognise and demonstrate a reasonable knowledge of the rules of the road.

Road Safety (CC49) - Can recognise and demonstrate good practice in a variety of aspects of road safety.

Make A Book (CC50) - Can plan, prepare and make-a-book for the Make A Book Exhibition.

Paired Reading (CC51) - Can participate in a Paired Reading programme and read with an understanding of a range of reading material.

Reading Challenge (CC52) - Can participate in a Reading Challenge programme and read with an understanding of a range of reading material.

Word Millionaire (CC53) - Can participate in a Word Millionaire reading programme and read with an understanding of a range of reading material.

Reading Programme (CC54) - Can participate in a Reading Programme and read with an understanding of a range of reading material.

Readalong (CC55) - Can participate in a Readalong programme and read with an understanding of a range of reading material.

Stars Read (CC56) - Can be awarded the "Stars Read" certificate as a result of participation in a range of literacy activities.

Horticulture - Landscaping (CC58) - Can plan the landscaping of an area in the school environment and carry out the practical work required to do this.

Debating (CC60) - Demonstrate understanding of Debating and Participate in a Debate.

Study Skills 1 (CC63) - Can use appropriate study skills to support learning.

Study Skills 2 (CC64) - Can use appropriate study skills, including note taking, to support learning.

Study Skills 3 (CC65) - Can use appropriate study skills, including note taking and revision, to prepare for the Junior Certificate examination.
Study Skills 4: Active Learning (CC66) - Can apply a range of skills necessary to participate effectively in an active learning environment.

Study Skills 5: Reading Strategies (CC67) - Can use appropriate reading strategies to read and comprehend a variety of texts.

Paired Maths: Tutor (CC71) - Can participate as a tutor in a Paired Maths Programme.

Paired Maths: Tutee (CC72) - Can participate as a tutee in a Paired Maths Programme.

Communication - draft (CC73) - I can communicate my views, opinions and feelings

Digital Enquiry- Introductory skills - draft (CC74) - Digital Enquiry- Introductory skills

Video Production: Animoto - draft (CC75) - Video Production: Animoto
1. **Punctuality**

   Is usually or always on time for school, class periods and other appointments.

2. **Attendance**

   Attends regularly and is never absent without good reason.

3. **Working with Others**

   Works with others and makes a positive contribution to group activities.

4. **Working Alone**

   Carries out appointed tasks without supervision.

5. **Homework**

   Usually or always submits satisfactory work, completed on time.

Working with others
(To supplement CC Statement 3)

At Junior Certificate level I can:

Work with others and make a positive contribution to group activities by

Learning Targets I can...

1. Waiting my turn
   
2. Listening quietly when people are speaking
   
3. Looking at the person who is speaking
   
4. Respecting the rights of others to have opinions different from mine
   
5. Being positive about other people’s work
   
6. Asking people to explain what they said if I don’t understand
   
7. Adding more information to what someone else has already said
   
8. Helping to resolve any conflicts
   
9. Doing my share of the work on time
   
10. Taking my turn to carry out different roles agreed by the group – reporter/note-taker/summariser/time-keeper/team leader etc
   
11. Helping other group members with their work if I am finished early

12. Helping others to feel included

Cross-Curricular Project

At Junior Certificate level the student can:

Plan, prepare and carry out with assistance a project involving different subject areas

Learning Targets - This has been demonstrated by your ability to:

1. Identify a task or idea to work on as part of the group project
2. Decide where to look for the information, i.e. teachers, books, photographs, library, diagrams, magazines etc.
3. Decide what will be needed to do the task (material, equipment)
4. Decide what method will be used to begin the task
5. Decide what method will be used to do the task
6. Decide what method will be used to end the task
7. Carry out your aspect of your project
8. Evaluate the project by answering the question ‘Did I do what I decided to do?’
9. Identify what problems there were along the way
10. State what you would do differently next time

See Appendix: Planning a cross-curricular project
Refer also to: Art, Geography, History, Environmental and Social Studies, Civic Social and Political Education, Information Technology/Computer Studies, Science

Work begun □ □ □ | Work in progress □ □ □ | Work completed □ □ □
At Junior Certificate level the student can:

Actively participate in the planning, preparation and carrying out of an action project appropriately and responsibly

Learning Targets - This has been demonstrated by your ability to:

1. Identify an issue you wish to explore
2. Discuss the issue in a group and decide what you want to do and how you will go about it
3. Give useful suggestions at the planning stage
4. Break down and divide up tasks in the class group
5. Take responsibility for an aspect of the task
6. Make arrangements for carrying out an aspect of the task
7. Co-operate and help others in any activities related to the task
8. Carry out the task appropriately and responsibly
9. Conduct yourself and communicate appropriately for given activities
10. Take part in a group discussion evaluating the activity

Refer also to: Art, Civic Social and Political Education, ENVI Environmental and Social Studies, English, Information Technology/Computer Studies, Science, History, Geography
At Junior Certificate level the student can:

**Present the findings of an action project in which they participated**

**Learning Targets** - This has been demonstrated by your ability to:

1. Identify an issue or topic as a project theme
2. Explain the reasons why the action project was chosen
3. List the steps needed to complete the project
4. Describe and demonstrate activities undertaken in the course of the action project
5. Explain clearly any particular task undertaken or initiated by you during the project
6. Summarise what you learned during the project
7. Present the information gathered
8. Describe the action project orally
9. Draw personal conclusions from the information gathered during the action project

**Refer also to:** Art, Geography, History, Civic Social and Political Education, Environmental and Social Studies, Information Technology/Computer Studies, Science, English
## Learning Targets - This has been demonstrated by your ability to:

1. Identify and state the aim of the project
2. Collect and sort suitable information and material for the project
3. Use a number of ways to collect information: interview, letter, questionnaire, reading
4. Understand the content of the project material
5. Use suitable illustrations in presenting the project: pictures, graphs, cartoons, photos
6. State the results of the project
7. Present the project in a clear, neat and legible manner
8. Explain what you learned from the project
9. List the sources used in the project
10. Display initiative and originality in performing the project
11. Draw conclusions from the findings

## Refer also to:
English, History, Art, Geography, Maths

Please note this is the same as the Project Skills statement in the Environmental and Social Studies section of the Subject-Centred statements and obviously cannot be awarded twice.
At Junior Certificate level the student can:

Plan, prepare and carry out a field trip as part of a group; carry out allocated tasks, appropriately present their findings and evaluate the experience.

**Learning Targets** - This has been demonstrated by your ability to:

1. Participate in the planning of a field trip
2. Locate the destination on a map, plotting the journey (that is, mileage, measurement of distance etc.)
3. Study the relevant geographical features of the destination
4. Participate in the allocation of tasks
5. Take responsibility for carrying out allocated tasks
6. Bring correct clothing and appropriate geographical equipment for the activity
7. Carry out instruction promptly and follow safety procedures
8. Complete the given task to the required standard
9. Be co-operative and helpful to others in carrying out the task
10. Record findings clearly and legibly and make sure they get back to school
11. Back in school, present all findings as appropriate, participating actively in the group activity
12. Discuss how the field study went and what changes would be made next time, if appropriate

Refer also to: Art, Civic Social and Political Education, Environmental and Social Studies, English, Geography, History, Science, Information Technology/Computer Studies, Maths
Organise a project and present/display the result with assistance using medium of choice

Learning Targets - This has been demonstrated by your ability to:

1. Identify a task, problem or idea as a project theme
2. Name different people or places who will provide information on the project theme
3. With help, decide how to get the information needed, through teachers, parents, books, observation, questionnaires, interviews, videos, internet etc.
4. Select a way, or ways, of working on the project theme
5. List the steps to be taken
6. Put the plan into practice
7. Present the results using method of choice, that is photographs, computers, models, diagrams, drawings, audio, computers, video, drama, oral
8. Decide how well the original task has worked

At Junior Certificate level the student can:

Carry out a simple research project with assistance and display the results appropriately

**Learning Targets** - This has been demonstrated by your ability to:

1. Identify a personally relevant research project
2. Identify sources of information; people, books etc.
3. Locate relevant information in texts, diagrams, charts and graphs
4. Collect data through questions, interviews, calculations and texts as appropriate
5. Construct line graphs, bar charts, pie charts or tally sheets
6. Restate information as appropriate using tables, diagrams, maps or tally sheets
7. Present information in tables
8. Restate the information shown from tables in words
9. Sort and classify data with assistance
10. Interpret findings and present appropriately through oral, written and/or visual media

Work begun ☐ ☐ ☐ | Work in progress ☐ ☐ | Work completed ☐ ☐
At Junior Certificate level the student can:

Use, gather, sequence and interpret information from a wide range of sources with assistance and present this information in different ways

Learning Targets - This has been demonstrated by your ability to:

1. Identify a personally relevant research topic
2. Identify, locate and record information from personal observation, orally transmitted information, radio and artefacts
3. Identify, locate and record information from visual sources, including maps, photographs, figures, drawings, television and film
4. Identify, locate and record information from primary and secondary written sources, including books, newspapers, articles, pamphlets and computer databases
5. Perform appropriate calculations and measurements if necessary
6. Transfer data to prose and/or tables or graphs
7. Interpret findings, sort and classify according to appropriate criteria, with assistance
8. Evaluate information critically, distinguishing between fact and opinion, with assistance
9. Recognise bias and different viewpoints
10. Carry out a small research project and present the findings orally or in a short written paper
11. Describe the stages of the project

Refer also to: Art, Business Studies, Civic Social and Political Education, Environmental and Social Studies, Home Economics, Maths, English, Geography, History, Information Technology/Computer Studies, Science
Organising and Planning a School Function

At Junior Certificate level the student can:

Work as part of a team in order to plan, prepare and present all aspects of a simple school function

Learning Targets - This has been demonstrated by your ability to:

1. Identify an occasion which would require refreshments etc.
2. Choose which would be more appropriate for the occasion – a buffet, a sit down meal, light refreshments etc.
3. Identify the various tasks involved in planning a function, e.g. posters, budgeting, preparing food, etc.
4. Plan carefully the foods to be used for the function
5. Follow the basic steps for handling food in a hygienic way to prepare the food for the function
6. Prepare and send or give out invitations for the function
7. Plan how the function room should be laid out for comfort and ease of access
8. Decorate the function room using posters, banners, wall hangings etc. to mark the particular occasion
9. Present the food in an attractive manner, e.g. using simple garnishes, folded napkins etc.
10. List the duties for the day, choose one and carry it out properly e.g. host/hostess, greeting, thanking people etc.
11. Plan and carry out a clean-up operation, leaving the rooms, dishes etc. that you used as they were found

Refer also to: Civic Social and Political Education, English, Art, Home Economics

Work begun | Work in progress | Work completed
At Junior Certificate level the student can:

Find general and specific information from a variety of texts

Learning Targets - This has been demonstrated by your ability to:

1. Use a contents page, an index and a dictionary
2. Find specific information in an alphabetical index
3. Find specific information in a timetable, league table, menu or advertisement
4. Find specific information in a piece of text, for example a textbook or newspaper
5. Identify sentences, paragraphs and basic punctuation marks in a continuous piece of text
6. Identify the topic of a short text in a section of a textbook; use texts from different subject areas
7. Give the main point of short texts from a number of different textbooks; use texts from different subject areas
8. Find details which support the main point of a short text; use texts from different subject areas
9. Follow correctly step-by-step instructions for a recipe, experiment or exercise routine

Refer also to: All subjects
At Junior Certificate level the student can:

Make appropriate use of written language when dealing with the normal demands of school and everyday life

**Learning Targets** - This has been demonstrated by your ability to:

1. Address envelopes and postcards correctly
2. Write a personal letter to a friend thanking him/her for a gift
3. Use basic punctuation, for example, capital letter, full stop, question mark
4. Keep a brief written record in note form of important things to do (homework diary, appointments diary, list of tasks)
5. Write a cheque
6. Fill in forms (post office account, driving licence, electoral register, bank lodgement and withdrawal slips etc.)
7. Write a simple letter of enquiry or complaint
8. Take a brief written message for another person, for example a telephone message
9. Write step-by-step instructions of how to perform a familiar task (copy a cassette, make an omelette)
10. Present personal information in correct CV format

**Refer also to:** English, Business Studies, Home Economics, Civic Social and Political Education, Science, Information Technology/Computer Studies, Environmental and Social Studies
At Junior Certificate level the student can:

Use written or oral language to demonstrate the ability to listen and to retain information accurately

Learning Targets - This has been demonstrated by your ability to:

1. Summarise a story told by one or more people
2. Follow instructions given by the teacher
3. Identify specific points of information from an exchange between two or more people
4. Identify specific information from a distant source, for example television, speaking train timetable
5. Record information accurately from, for example, the TV news
6. Repeat verbal information
7. Repeat verbal information in written form
8. Write an accurate summary of information given in an advertisement on the radio
9. Follow a sequence of instructions given by someone, for example to make an omelette

Refer also to: All subjects. This statement can be accessed by sign language
At Junior Certificate level the student can:

**Use the spoken word to accurately express opinions and experiences in a social context**

### Learning Targets

- Leave a message on a telephone answering machine (minicom)
- Relay instructions and messages accurately
- Explain to one other person how to perform a simple task, for example, boil an egg
- Tell a joke, personal anecdote or story
- Request information over the telephone (minicom)
- Make requests and seek clarification
- Express a preference or point of view
- Describe a personal experience or interest
- Give constructive criticism
- Exchange opinions or views with one or more people

**Refer also to:** All subjects. This statement can be accessed through sign language

---

**Work begun**

**Work in progress**

**Work completed**
At Junior Certificate level the student can:

Apply the skills, knowledge and understanding needed for the measurement of time in everyday situations

Learning Targets - This has been demonstrated by your ability to:

1. Be familiar with the names of days, months and seasons
2. Recall number facts: seconds in a minute, minutes in an hour, hours in a day etc
3. Find a given day or date on a calendar or timetable
4. Tell the time on a clock: the nearest hour, half hour, minute, second
5. Change the hour from a twelve-hour clock to the twenty-four-hour clock
6. Change the hour from a twenty-four-hour clock to the twelve-hour clock
7. Change the time between twelve-hour and digital clocks
8. Estimate the passing of time to the nearest hour, half hour, quarter hour, five minutes and one minute
9. Work out the difference between two given times: on a clock, timetable, calendar and TV guide
10. Draw a time line marking in the important events in your personal life
11. Work out the time needed to leave one place in order to be on time for an appointment

Refer also to: English, Art, Business Studies, Civic Social and Political Education, Environmental and Social Studies, History, Home Economics, Maths, Science, Physical Education, Music
At Junior Certificate level the student can:

**Apply the skills, knowledge and understanding needed for the measurement of temperature in everyday situations**

**Learning Targets** - This has been demonstrated by your ability to:

1. Name the units and terminology of temperature: thermometer, degrees, centigrade, Fahrenheit, freezing point, boiling point.
2. Identify freezing point and boiling point on a °C/°F thermometer.
3. Calculate degrees above and below freezing point and boiling point.
4. Identify normal body temperature on a medical thermometer.
5. Understand normal cooking temperatures, for example, gas mark 4, 200 degrees Celsius.
6. Relate temperatures to everyday situations.
7. Estimate the indoor and outdoor temperature on a given day.
8. Estimate the outdoor temperature on a given month.
9. Suggest a temperature range for the different seasons.

**Refer also to:** English, Art, Environmental and Social Studies, Geography, Home Economics, Maths, Science
At Junior Certificate level the student can:

**Apply the skills, knowledge and understanding needed for the measurement of weight/capacity in everyday situations**

<table>
<thead>
<tr>
<th>Learning Targets - This has been demonstrated by your ability to:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Name the units and terminology of weight/capacity: litres, half litres, quarter litres, millilitres, kilograms, grams, milligrams</td>
</tr>
<tr>
<td>2 Find the marks for litre, half litre, quarter litre and millilitre on a measuring jug</td>

Refer also to: English, Home Economics, Maths, Science
Measurement of Length and Distance

At Junior Certificate level the student can:

**Apply the skills, knowledge and understanding needed for the measurement of length and distance in everyday situations**

**Learning Targets** - This has been demonstrated by your ability to:

1. Name the words used in length and distance: kilometres, metres, centimetres, millimetres etc.
2. Pick out the units of length and distance on a ruler, metre stick and measuring tape
3. Use a measuring tape
4. Measure straight lines using a ruler and measuring tape
5. Work out the distance between two places on a map using the scale on the map
6. Draw lines of different lengths
7. Measure a room, for example, bedroom, kitchen using a measuring tape
8. Pace out the measurement of different places, for example classrooms, football pitches and bedrooms
9. Estimate the length of common objects
10. Estimate the distance between two objects

At Junior Certificate level the student can:

**Manage personal and household finances**

**Learning Targets** - This has been demonstrated by your ability to:

1. List the main items of household expenditure
2. Find the cost of the main items of household expenditure
3. List the most important items in personal and household spending
4. Plan a household budget for one week, recording income and expenditure
5. Locate a local Credit Union and explain why it is useful
6. List other ways of saving including banks, building societies, and An Post
7. Explain what is meant by a lodgement and a withdrawal
8. Read and fill in the most important documents needed for managing money: cheques, application forms, lodgements, withdrawals and payment slips
9. Carry out correctly calculations needed for managing money
10. Using a calculator work out household expenditure of a given household for one week

Refer also to: English, Business Studies, Civic Social and Political Education, Maths, Home Economics
At Junior Certificate level the student can:

Manage personal finances in the areas of income, expenditure and budgeting

Learning Targets - This has been demonstrated by your ability to:

1. Estimate the income from a part-time job, for example babysitting
2. Work out the income from a part-time job, for example babysitting
3. Read a wage slip picking out income before and after tax
4. List the main household bills
5. Read bills and dockets
6. Match income and expenditure and identify priorities
7. Prepare a personal budget
8. Prepare a household budget
9. Compare your week’s expenses with your week’s budget plan

Refer also to: Civic Social and Political Education, Business Studies, Home Economics, Maths
At Junior Certificate level the student can:

Use relevant knowledge about consumer rights to make informed consumer choices

Learning Targets - This has been demonstrated by your ability to:

1. Name the different organisations which work on behalf of consumers
2. Explain when you could bring an item back to a shop
3. Explain what a guarantee is and how it works
4. Describe when a guarantee may be important
5. Read accurately labels on packages etc.
6. Understand the most important signs and symbols on labels, for example quality marks, date marks and safety symbols
7. Choose an advertisement for one product and summarise the information it gives
8. Make a clear, reasonable spoken complaint
9. Make a clear, reasonable written complaint

Refer also to: English, Art, Business Studies, Civic Social and Political Education, Home Economics, Maths

Work begun: 00% | Work in progress: 00% | Work completed: 100%
At Junior Certificate level the student can:

Use relevant knowledge about health and nutrition to make informed lifestyle choices

Learning Targets - This has been demonstrated by your ability to:

1. Describe the most important ways of keeping the body clean
2. List some of the benefits of moderate exercise for keeping the body healthy
3. Explain how the food we eat contributes to our state of health
4. Use correctly the most common vocabulary of health and nutrition
5. Give examples of lifestyle choices which affect our health, for example smoking
6. Describe the effects of some lifestyle choices, for example smoking and drug use
7. Explain what is meant by 'preventative health care'
8. Give examples of interesting and beneficial ways to use leisure time
9. Give examples of some of the physical and emotional changes of puberty
10. List some facilities, information and support services including those found in the school

Refer also to: English, Civic Social and Political Education, Home Economics, Physical Education, Religious Education, Science

Work begun | Work in progress | Work completed
At Junior Certificate level the student can:

**Apply knowledge and understanding of the proportions of common 2D/3D shapes to their work**

**Learning Targets** - This has been demonstrated by your ability to:

1. Name and identify common 2D shapes: rectangle, square, circle, triangle, oval, ellipse, polygon
2. Name and identify common 3D shapes: cone, cylinder, cube, rectangular prism, pyramid, ovoid, sphere, ellipsoid
3. Name and identify right angles, acute angles, obtuse angles, reflex angles, straight angles
4. Name and identify equilateral, isosceles and right-angled triangles
5. Name and identify the centre, circumference, chord, radius and diameter of a circle
6. Explain directional words: clockwise, anti-clockwise, horizontal, vertical, parallel, diagonal
7. Measure angles accurately using a protractor
8. Draw angles accurately using a protractor
9. Construct a rectangle using a ruler, set square and compass
10. Construct a triangle using a ruler, compass and protractor
11. Construct a circle with a given radius using a compass
12. Enlarge a shape using a grid

**Refer also to:** English, Art, Environmental and Social Studies, Geography, Home Economics, Materials Technology: Wood, Maths, Materials Technology: Metal, Technical Graphics, Science
At Junior Certificate level the student can:

**Apply knowledge of direction and space to their work**

### Learning Targets

- **1.** Read a simple directional compass
- **2.** Using a grid reference, read a location on a grid map
- **3.** Using a simple map or plan, find a given location
- **4.** Draw a simple map or plan to give directions or locate a place
- **5.** Use a directional compass to estimate direction
- **6.** Make simple scale drawings
- **7.** Work out the distance between two places using the key on a map
- **8.** On instruction, walk or move the body or parts of the body in a stated direction
- **9.** On instruction, move objects in a stated direction

---

**Refer also to:** English, Environmental and Social Studies, Art, Geography, Home Economics, Materials Technology: Wood, Maths, Materials Technology: Metal, Science, Technical Graphics
At Junior Certificate level the student can:

Use a range of drawing and sketching techniques to record information and to communicate information graphically

Learning Targets - This has been demonstrated by your ability to:

1. Handle and use all drawing tools correctly
2. Memorise the important words related to drawing materials and techniques
3. Produce 2D drawings using common drawing instruments
4. Produce 3D drawings using common drawing instruments
5. Make a simple scale drawing
6. Make neat, accurate, working drawings
7. Make sketches from observation
8. Make a sketch from imagination
9. Produce basic drawings using a computer

Craft and Materials: Construction and Assembly

Statement Code no: 30

At Junior Certificate level the student can:

Work with a range of craft materials to create and finish a piece of work

Learning Targets - This has been demonstrated by your ability to:

1. Describe some of the properties of different materials
2. Give examples of where different materials are used
3. Choose the appropriate material
4. Cut material safely, using the correct tools
5. Shape materials safely using the correct tools
6. Produce sketch drawings of pieces of work
7. Measure out the materials
8. Transfer markings on to pieces of work
9. Join and assemble the material using a variety of methods
10. Finish off pieces using an appropriate method

Work begun | Work in progress | Work completed
At Junior Certificate level the student can:

Cultivate and care for a variety of flowers, bulbs, vegetables, herbs and other plants

**Learning Targets** - This has been demonstrated by your ability to:

1. Know the difference between compost and nutrient compost
2. Plant a bulb or corm and prepare it correctly for growth
3. Recognise and plant seeds in blocks or in the ground
4. Water seeds and plants correctly and regularly using a watering can or other source
5. Label seeds correctly in trays, pots or plots
6. Identify and set up the conditions needed for seeds or bulbs to germinate
7. Thin out seedlings carefully
8. Move seedlings to trays, pots, into the ground
9. Pot on seedlings or plants from a small pot
10. Present cut flowers for display
11. Recognise and name a number of spring flowers

**Refer also to:** Science and Environmental and Social Studies

**Work begun** | **Work in progress** | **Work completed**
Practical Horticulture

Learning Targets - This has been demonstrated by your ability to:

1. Select and plan flowers or plants for a container, hanging basket etc.
2. Calculate the cost of a planted container
3. Recognise flowers, shrubs or vegetables of different seasons
4. Identify the right time of year to plant selected vegetables and/or flowers
5. Name and correctly use gardening tools, e.g. fork, trowel, secateurs
6. Take cuttings from existing plants and cultivate them
7. Recognise one herb and say how it can be used
8. Assemble a herb garden
9. Cost and make a present, e.g. garland, table display, hanging plant etc.
10. Plan and prepare for a visit to a garden centre

At Junior Certificate level the student can:

Plan and carry out simple horticultural projects that demonstrate a familiarity with varied methods of cultivation

Refer also to: Science and Environmental and Social Studies
At Junior Certificate level the student can:

**Explain the need for a wide variety of safety procedures in the workplace and act on these.**

### Learning Targets

*This has been demonstrated by your ability to:*

1. Explain how to use tools and equipment correctly and safely
2. Give examples of safe practices in the workplace
3. Use all tools and equipment correctly and safely
4. Describe how to use electrical equipment correctly and safely
5. Use electrical equipment correctly and safely
6. Store all tools, materials and equipment safely
7. Describe the effects on the body of inhaling or touching chemical substances
8. Suggest ways of avoiding these risks
9. Describe the effects of chemical substances on the environment
10. Suggest ways of minimising these effects
11. List the different procedures for self-protection at work, including the use of protective clothing

Work begun □ □ □ | Work in progress □ □ □ | Work completed □ □ □
At Junior Certificate level the student can:

Take care of and be aware of the needs of an animal of choice

Learning Targets - This has been demonstrated by your ability to:

1. Describe the bedding, shelter and boundary that your animal needs
2. Describe how to feed and care for a young animal
3. Plan the food and water needs of your animal and calculate the cost of keeping it for a month
4. Describe the conditions that the animal needs to be happy, e.g. companionship, routine, exercise etc.
5. Demonstrate or describe the safe handling of your animal, e.g. how to approach, pick up etc.
6. Name some things that can harm or frighten your animal
7. Explain the health problems that your animal can have and say how they should be treated
8. Make a list of the vaccinations your animal needs
9. Be familiar with the life-span and reproductive pattern of your animal
10. Keep a diary, video, photographs etc., to describe your animal
11. Plan and prepare for a visit to a local vet, animal shelter, kennel etc.
12. Describe the kind of training your animal needs
13. Explain the consequences of neglecting animals, e.g. straying horses or farm animals, roaming dogs, wild cats etc.

Optional Learning Target

14. Demonstrate or describe how to groom your animal and name the equipment needed

Refer also to: Science, Environmental and Social Studies and Civic Social and Political Education
Animal Care: Horse, Pony or Donkey

Statement Code no: 35

At Junior Certificate level the student can:

Relate the history and use the terms associated with horses and understand the important aspects of caring for a horse, pony or donkey

Learning Targets - This has been demonstrated by your ability to:

1. Name and correctly use grooming equipment such as dandy brush, body brush, curry comb
2. Plan the daily routine for mucking out, feeding and grooming of a horse*
3. Explain how a horse is shod and how hooves are cared for
4. Name the main points of a horse, e.g. shoulder, muzzle, mane, withers, hoof, forelock
5. Demonstrate or describe how to put on basic tackle, e.g. saddle, bridle, head collar
6. Describe the size and type of pasture required for a horse, e.g. free of dangerous plants etc.
7. Explain the Highway Code in relation to horses
8. Locate the local experts in your area, e.g. vet, farrier, animal shelter, club
9. Pick one breed of horse and find out all about it
10. Tell the story of a horse in the past, e.g. Arkle
11. Find out the way that horses have been used in work, transport and sport
12. Keep a diary, scrapbook, photographs, video of a horse you are interested in

Optional Learning Target

*donkey or pony can be substituted for horse in all learning targets
Refer also to: Science, Environmental and Social Studies and Civic Social and Political Education
At Junior Certificate level the student can:

Communicate with people in a positive manner and apply these skills to maintain friendships

<table>
<thead>
<tr>
<th>Learning Targets</th>

Refer also to: Civic Social and Political Education, English and Religious Education
Relationships: Self-Awareness

Statement Code no: 37

At Junior Certificate level the student can:

Identify, express and display personal qualities in a positive way showing an awareness of the needs of other people

Learning Targets - This has been demonstrated by your ability to:

1. Give an accurate and positive physical description of yourself
2. Identify some of your own aptitudes, skills and qualities
3. Identify some important personal preferences
4. Use the correct words to describe preferences, opinions and wishes
5. Examine ways in which words can hurt yourself and other people, for example name-calling and teasing
6. Describe ways of taking care of yourself, for example through diet, hygiene, exercise and rest
7. Describe the qualities and actions which you expect to find in a good friend
8. Give examples of the kind of behaviour which would stop you making friends with someone
9. Suggest reasons why people’s friendships sometimes change with time
10. Give examples of how words can give a positive message

Refer also to: English, Art, Drama, Home Economics, Religious Education, Physical Education, History, Environmental and Social Studies, Geography

Work begun | Work in progress | Work completed
At Junior Certificate level the student can:

**Understand and recognise the need for the different codes of behaviour**

### Learning Targets - This has been demonstrated by your ability to:

1. Give examples of actions and behaviour where you have shown respect towards others
2. Suggest ways in which you respect yourself and others
3. Give examples of how you behave differently in different situations, for example at home, in school and with friends
4. Identify one group to which you belong and explain what it is like
5. Give reasons for having rules
6. Describe some of the rules and codes of behaviour which people in different groups and situations are expected to obey, for example school rules, family rules and the law
7. Suggest some of the consequences of both keeping and breaking these codes
8. Give examples of good and bad rules and laws, and explain what makes them good or bad
9. Give examples of peer pressure and explain what makes it easy or difficult to handle
10. Suggest good and bad ways of dealing with conflict situations

---

Refer also to: English, Civic Social and Political Education, History, Physical Education
Learning Targets - This has been demonstrated by your ability to:

1. Give examples of ways in which relationships between the sexes can change during adolescence
2. Describe the physical and emotional changes which occur in girls and boys during adolescence
3. Know the standard names of the sexual organs and their functions
4. Describe the key stages in the cycle of human reproduction including menstruation, fertility cycle, sexual intercourse, conception and birth
5. Name and describe the symptoms of sexually transmitted diseases
6. Explain how sexually transmitted diseases may be avoided and treated
7. Explain how the AIDS virus is transmitted and suggest ways of avoiding infection
8. Name and describe the whole range of options available to minimise the risk of unplanned pregnancy
9. List the names, addresses and contact numbers of support services including local, national, formal, informal helplines, support groups, school and health board counselling services

Note: Parental consent is desirable for Learning Targets 5 to 9
Refer also to: English, Civic Social and Political Education, Religious Education, Science

Work begun: ○ ○ ○ | Work in progress: ○ ○ ○ | Work completed: ○ ○ ○
At Junior Certificate level the student can:

Apply the skills needed to clarify values and make lifestyle decisions

---

**Learning Targets** - This has been demonstrated by your ability to:

1. Identify some of the key values which are important in our society, for example respect, freedom and honesty
2. Explain how these values might affect our everyday lives at home and in school
3. Identify which values are personally important
4. Explain how everyday actions and behaviour are linked to one’s value system
5. Identify some of the choices which people make in deciding which values are important to them
6. List the main steps involved in effective decision making
7. Explain the link between decision making and personal responsibility
8. Define the main aspects of self control
9. Give examples of how some people under pressure deal with their problems, for example addiction
10. Suggest ways of handling these responses, for example accessing support services
11. Explain how to access important information, for example through social services, support systems, community and personal networks

---

Refer also to: English, Civic Social and Political Education, Drama, Physical Education, Religious Education
At Junior Certificate level the student can:

Apply the knowledge and skills necessary to plan, execute and finish a work in two dimensions

### Learning Targets - This has been demonstrated by your ability to:

1. Load memory card and battery correctly
2. Identify and name the parts of the camera
3. Use a camera to take pictures
4. Download photographs from camera to computer
5. Recognise and use correctly simple photographic vocabulary
6. Frame/set up a photograph
7. Explain the importance of sunlight/artificial light in photography
8. Be aware of the effects of size of aperture and shutter speed
9. Recognise well known images from the history of photography
10. Discuss the use of photography in advertising and mass media

At Junior Certificate level the student can:

Plan, prepare and make a short DVD/video sequence on a topic of choice

Learning Targets - This has been demonstrated by your ability to:

1. Decide on a topic for your DVD/video that interests you
2. Plan the production – think of location, people involved etc.
3. List the equipment you will need and make arrangements to use it
4. Plan the script for the DVD/video (if any)
5. Make a storyboard or list the shots you will film
6. Finalise your arrangements for the DVD/video, e.g. get permission, check room or location, bring in props, clothes etc.
7. Plan and prepare the titles for the DVD/video according to choice, e.g. drawings, lettering etc.
8. Name the parts of the DVD/video camera and other equipment
9. Check all equipment and practise using it
10. Shoot the DVD/video
11. Arrange to show the DVD/video

Refer also to: English, Drama, Music and Art
At Junior Certificate level the student can:

Gather and interpret material relating to uniqueness and difference

**Learning Targets** - This has been demonstrated by your ability to:

1. Develop a personal profile (e.g. physical characteristics, address, family, talents, etc.)
2. Record and display the variety that exists among the students in your class
3. Draw your family tree
4. Identify some of the towns and counties in Ireland
5. Indicate some cities and countries on a map of the world
6. Draw on a map where your relations live
7. Name countries that Irish people emigrated to
8. Sketch and display the national flag of other countries
9. Find out the official language spoken in these countries
10. Discover the range of languages spoken in these countries
11. Investigate some world religions
12. Examine a variety of national customs (e.g. costumes, music, etc.)
At Junior Certificate level the student can:

**Examine the world influences on Irish culture and society, past and present**

### Learning Targets

- **1.** Investigate the history of some building styles and architecture to be found in Ireland today (e.g. churches, castles, houses, etc.)
- **2.** Give a pictorial representation of some of these buildings
- **3.** Trace the origin of some place names found in Ireland
- **4.** Describe some changes that have occurred in traditional and contemporary crafts in this country
- **5.** Explore the availability of foods in this country today
- **6.** Name some international dishes available in Ireland today
- **7.** Describe the different cultural festivals which are celebrated in Ireland
- **8.** Find out the countries that are represented in Ireland by ambassadors
- **9.** Describe the positive influences that the ethnic communities have brought to the Irish workforce
- **10.** Explore ways in which different cultures can learn about each other
At Junior Certificate level the student can:

Describe important aspects of home management and carry out some basic home maintenance tasks (1)

Learning Targets - This has been demonstrated by your ability to:

1. Locate electricity mains and meter, gas mains and meter, water mains, and explain how to turn off and on all household services
2. Read the electricity and gas meters and fill in the meter card
3. Change a plug, light bulb or tap washer
4. Replace a fuse and/or reset a circuit breaker
5. Explain the correct way to store and dispose of household chemicals and medicines
6. Describe environmentally friendly methods of waste disposal
7. Give examples of unsafe practices in the home and list the associated dangers
8. Use household appliances correctly and safely
9. Describe the most important household safety procedures relating to security, fire and accident prevention
10. Read all important instructions, safety signs and information
11. Carry out basic home decorating tasks, for example, painting doors, wall papering

Work begun | Work in progress | Work completed
At Junior Certificate level the student can:

Describe important aspects of home management and carry out some basic home maintenance tasks (2)

Learning Targets - This has been demonstrated by your ability to:

1. Use a washing machine
2. Iron a school shirt
3. Make a list of important phone numbers
4. Use Phone Book and Directory Enquiries
5. Take phone messages
6. Prepare a packed lunch
7. Prepare for a simple meal
8. Shop for a simple meal
9. Cost a simple meal
10. Interpret selection of shopping receipts
11. Perform simple home decorating tasks
12. Babysit
13. Perform basic first aid
14. Display a knowledge of safety in the home
15. Programme the video, digital alarm clock etc.
16. Change a light bulb
17. Use a microwave or cooker safely
18. Fix a puncture on a bike
19. Use a bottle bank, can bank, clothes bank
20. Use a payphone or card phone
21. Organise to meet a friend (in town), settle on a meeting place, organise transport to and from (bike, lift, parent, hackney, bus)

Refer also to: Science, Environmental and Social Studies, and Civil Social and Political Education
At Junior Certificate level the student can:

Describe important aspects of rural home management and carry out some basic maintenance tasks

Learning Targets: - This has been demonstrated by your ability to

Select any 10 objectives to work on

1. Get information about sport clubs, training, youth organisations, for example, martial arts, swimming, water-safety classes, scouts, youth clubs, civil defence
2. Find out the law on the age at which you can drive a tractor, in the fields and on the road; and about the use of safety features (indicators, lights, cab etc.)
3. Describe the safety aspects of driving a tractor
4. Select from: be able to start a tractor; use gears and brakes; hitch up a trailer or spinner to PTO shaft; top a field or spread fertiliser; reverse with a trailer hitched up
5. Cut and save turf
6. Keep the milking parlour, bulk tank, line, cluster and all equipment clean and at the correct temperature
7. Wash out tank and parlour between milkings
8. Describe the care and feeding of calves (sour, feed, grass)
9. Get safety literature from Teagasc and explain basic safety measures about power lines, electricity, slurry tanks, slatted units, slurry pit, silage pit, built-up straw or hay bales
10. Know the basic guidelines for using farm equipment safely (electric fence, PTO shaft, handling animals, tractor and trailer)
11. Describe how to dispose of farm waste safely, for example dead animals, silage run-off, slurry, overflow tank)
12. Handle and administer farm animals (dosing)
13. Take care of stock, for example, assist with de-horning, care of hooves/feet, castration, shearing, docking tails, dagging (cutting of soiled wool before shearing), tagging, marking/branding with raddle or other marking

Refer also to: Science, Environmental and Social Studies, Civic Social and Political Education

Work begun | Work in progress | Work completed
At Junior Certificate level the student can:

Recognise and demonstrate a reasonable knowledge of the rules of the road

Learning Targets - This has been demonstrated by your ability to:

1. Understand the purpose and need for a driving licence, tax and insurance for a motor vehicle
2. Understand and recognise the basic requirements for vehicle safety (make reference to lamps, safety belts, mobile phones etc.)
3. Describe the physical condition that a driver needs to be in to drive a car safely (make reference to stress, alcohol and fatigue)
4. Be familiar with driver hand signals and those of Gardai
5. Show the ability to recognise and describe most traffic signals and road signs
6. Show a theoretical knowledge of the concepts necessary for good driving practice including roundabouts, reversing, turning, lane discipline and moving off
7. Know the correct procedure for parking a car
8. Have regard for and be aware of the importance of the rights of other road users
9. Know basic procedure in the event of an accident
10. Be familiar with general traffic sign categories and the meaning of the signs within each
At Junior Certificate level the student can:

Recognise and demonstrate good practice in a variety of aspects of road safety

**Learning Targets** - This has been demonstrated by your ability to:

1. Be aware of and understand the meaning of basic road signs: regulatory, warning and information
2. Understand the meaning of basic road markings
3. Describe the work of the Gardaí, ambulance and fire services in the event of a road traffic accident
4. Describe the chief causes of road accidents, e.g. drink-driving, speed, fatigue etc.
5. List good safety procedures when travelling as an adult and as a child
6. Understand tyre pressure, oil and water levels and good visibility
7. Participate in and show correct procedures for car valeting, e.g. washing, waxing and internal maintenance
8. Participate in a simple local survey on one aspect of road safety, e.g. numbers of drivers using mobile phones as they travel
9. Design a road safety poster for use in national school classes to illustrate one feature of road safety
At Junior Certificate level the student can:

Plan, prepare and Make-a-Book for the Make-a-Book exhibition

Learning Targets - This has been demonstrated by your ability to:

1. Discuss and agree on the topic for the book
2. Describe what you will write about the topic*
3. Plan and list the tasks to be done on your own or as a member of a group
4. Decide what material and equipment you will need to make and display the book at the exhibition
5. Decide on what pictures, photographs, diagrams etc. you are going to use for the book
6. Complete the first draft
7. Discuss changes with teachers and/or other students
8. Decide and agree on the edits
9. Redraft
10. Decide on a title for the book
11. Discuss the design of the book cover
12. Design and make the cover of the book
13. Credit all authors
14. Write your bibliography, if needed
15. State what you would do differently next time
16. Reflect on the experience of taking part

* It is optional to use a Junior Certificate School Programme Make-a-Book Writing Frame
At Junior Certificate level the student can:

Participate in a paired reading programme and read with an understanding of a range of reading material

Learning Targets - This has been demonstrated by your ability to:

1. Read at least six books with a tutor
2. Attend all the sessions unless with good reason
3. Offer to read independently during the sessions
4. Recount the main points of each book /reading material and give a flavour of what it was about
5. Give three reasons you like each book or dislike each book
6. Give three reasons why you would recommend (or not) the books to somebody else
7. Understand what an author is and give the title and author of three of the books read
8. Understand the work of an illustrator
9. Tell what kind of books/reading material you most like and give two reasons
10. Choose suitable reading material you would like to read
At Junior Certificate level the student can:

Participate in a Reading Challenge programme and read with an understanding of a range of reading material

**Learning Targets** - This has been demonstrated by your ability to:

1. Read the required number of books for the Reading Challenge
2. Recount the main points of each book/reading material and give a flavour of what it was about
3. Give three reasons you like each book or dislike each book
4. Give three reasons why you would recommend (or not) the books to somebody else
5. Write a review of the books read.
6. Understand what an author is and give the title and author of three of the books read
7. Understand the work of an illustrator
8. Tell what kind of books/reading material you most like and give two reasons
9. Choose suitable reading material you would like to read.
At Junior Certificate level the student can:

Participate in a Word Millionaire reading programme and read with an understanding of a range of reading material

**Learning Targets** - This has been demonstrated by your ability to:

1. Read the required number of books for the Word Millionaire  
2. Recount the main points of each book/reading material and give a flavour of what it was about  
3. Give three reasons you like each book or dislike each book  
4. Give three reasons why you would recommend (or not) the books to somebody else  
5. Write a review of the books read.  
6. Understand what an author is and give the title and author of three of the books read  
7. Understand the work of an illustrator  
8. Tell what kind of books/reading material you most like and give two reasons  
9. Choose suitable reading material you would like to read.
At Junior Certificate level the student can:

Participate in a reading programme and read with an understanding of a range of reading material

Learning Targets - This has been demonstrated by your ability to:

1. Read the required number of books for the programme
2. Offer to read independently during the sessions
3. Recount the main points of each book/reading material and give a flavour of what it was about
4. Give three reasons you like each book or dislike each book
5. Give three reasons why you would recommend (or not) the books to somebody else
6. Write a review of the books read.
7. Understand what an author is and give the title and author of three of the books read
8. Understand the work of an illustrator
9. Tell what kind of books/reading material you most like and give two reasons
10. Choose suitable reading material you would like to read
At Junior Certificate Level the student can:

Participate in a Readalong programme and read with an understanding of a range of reading material

At Junior Certificate Level the student can:

Be awarded the “Stars Read” certificate as a result of participation in a range of literacy activities

Learning targets—This has been demonstrated by your ability to:

1. Participate in two JCSP Literacy initiatives (e.g. Readalong, Word Millionaire, Cross-Aged Paired Reading, DEAR, Reading Challenge, Spelling Challenge etc.)
2. Read more than 5 books while in junior cycle
3. Recommend a book to a friend
4. Write to a pen-pal about a JCSP event you were involved in
5. Write at least one book review
6. Participate in the planning and construction of an exhibit for the “Make a Book” Exhibition
7. Attend the “Make a Book” Exhibition
8. Join the local library
9. Participate in a school debate
10. Engage in the planning and implementation of a literacy/cross-curricular project
11. Investigate and analyse the data collected in the project
12. Participate in the planning and organisation of a classroom exhibition/display of the project-work
13. Make a written contribution to the class/school newsletter

Work begun ☐☐☐ | Work in progress ☐☐☐ | Work completed ☐☐☐
At Junior Certificate level the student can:

Plan the landscaping of an area in the school environment and carry out the practical work required to do this

**Learning Targets** - This has been demonstrated by your ability to:

1. Select a suitable site which is to be landscaped
2. Draw a scale plan of the site to be landscaped using conventional symbols
3. Use plant guides, videos, school garden to identify suitable plants and containers for selected area
4. Plan a visit to a garden centre to select and purchase materials required
5. Draw a landscaping plan
6. Carry out the site preparation using the tools and equipment needed in a safe manner
7. Landscape the site as shown on your landscaping plan
8. Record the work at all stages of progress by means of notes, photographs or video camera
9. List three benefits of the project to yourself or to other students in the school
At Junior Certificate level the student can:

**Demonstrate understanding of debating and participate in a debate**

<table>
<thead>
<tr>

At Junior Certificate level the student can:

Use appropriate skills to support learning

Learning Targets - This has been demonstrated by your ability to:

1. Be organised and ready for class e.g. have a pen / copy / textbook
2. Use a Keywords notebook to record important words
3. Use the spelling strategy - Look, Say, Cover, Write, Check
4. Skim a piece of text to find 5 keywords
5. Find 5 words in a suitable school dictionary
6. Find an item in a simple Table of Contents
7. Use a highlighter pen to underline important words
8. Use a highlighter pen to underline an important sentence
9. Find an item in a simple Index
10. Know how to use the KWL strategy
11. Demonstrate the use of 5Ws and a H - Who, What, Where, When, Why & How - for oral planning before writing
   e.g. draw a Spidergram
12. Use a graphic for planning and organising information
13. Record your homework in your journal
14. Use the JCSP Profile Folder to track your progress in statements
At Junior Certificate level the student can:

Use appropriate study skills, including note taking, to support learning

### Learning Targets
- This has been demonstrated by your ability to:

1. Be organised and ready for class
   - e.g. have a pen / copy / textbook / Journal
2. Use a Keywords notebook to record and revise important words
3. Demonstrate the use of 5Ws and a H - Who, What, Where, When, Why & How - in written work
4. Use Post-It notes to summarise 3 points from a lesson / text
5. Use a highlighter pen to mark the main idea in a text
6. Work in pairs / groups to summarise points from a lesson / a passage of text
7. Use a suitable dictionary to find the meaning of words
8. Use new words appropriately in a sentence with the help of a dictionary
9. Record 3 items accurately from the blackboard
10. Find 3 items of information in your notes
11. Store your notes in an appropriate way
12. Use 2 appropriate Graphic Organisers / diagrams - e.g. Venn Diagrams, H Chart
13. Use the JCSP Profile Folder to track your progress in statements

At Junior Certificate level the student can:

**Use appropriate study skills, including note taking and revision, to prepare for the Junior Certificate examination**

**Learning Targets** - This has been demonstrated by your ability to:

1. Be organised and ready for class e.g. have a pen / copy / textbook journal / appropriate equipment
2. Use a graphic for planning and organising information - e.g. Draw a Spidergram / Mind Map / Concept Map as appropriate
3. Use a highlighter pen to mark important points in a text
4. Know the main exam words
5. Organise your notes according to subject / topic as appropriate
6. Understand what kind of learner you are
7. Engage in silent study as appropriate
8. Make out a simple study plan / timetable
9. Know how to plan for revision
10. Use a range of references to find information
11. Know the layout of examination papers
12. Manage time when answering exam type questions
13. Use the JCSP Profile Folder to track your progress in statements
At Junior Certificate level the student can:

**Apply a range of skills necessary to participate effectively in an active learning environment**

**Learning Targets - This has been demonstrated by your ability to:**

1. Participate in group work activities
2. Engage in paired-work activities
3. Perform the role of mentor / learning partner / “study buddy”
4. Communicate with a pen-pal
5. Engage in the planning and implementation of a project
6. Investigate and analyse the data collected in the project
7. Report back on the findings of the project
8. Participate in the planning and organisation of a classroom exhibition / display of the project-work
9. Participate in the organisation of a school event (e.g. open night, Christmas Celebration, school concert, sports day, Numeracy day, Lá Gaeilge etc.)
10. Participate in a class / school debate
11. Participate in the planning, designing, editing and publication of a class / school newsletter
12. Participate in the planning and organisation of a school trip
13. Participate in cross-curricular activities
At Junior Certificate level the student can:

**Use appropriate reading strategies to read and comprehend a variety of texts**

**Learning Targets** - This has been demonstrated by your ability to:

1. Use the KWL strategy
2. Preview text to see what you already know about a topic
3. Explain what you already know about a topic
4. Preview text to find and mark unfamiliar / difficult words
5. Scan a piece of text to find and mark 5 keywords, dates, names
6. Find 5 words in a suitable school dictionary
7. Skim a piece of text to get the gist of the information
8. Explain the gist of a piece of text to others in class
9. Identify the main idea of a paragraph from a list provided
10. Use a highlighter pen to mark the main idea in a text
11. Work in pairs / groups to find and mark supporting details in a text
12. Work in pairs / groups to summarise points in a text / lesson
13. Use Post-Its to summarise 3 points from a text / lesson
14. Use a graphic to record and organise information you have read - e.g. draw a Spidergram / H Chart / Mind Map / Concept Map as appropriate
At Junior Certificate level the student can:

**Participate as a tutor in a Paired Maths Programme**

### Learning Targets
- **1.** Attend all tutor training sessions (unless there is a good reason for absence)
- **2.** Participate in the planning of a paired maths programme
- **3.** Demonstrate an understanding of the selected maths activities and/or topics
- **4.** Prepare and familiarise yourself with the required support materials and resources
- **5.** Attend all the paired maths tutoring sessions
- **6.** Demonstrate by your actions the importance of patience, encouragement and confidentiality
- **7.** Demonstrate an ability to model problem solving skills
- **8.** Describe three things or skills that the tutee learned
- **9.** List three things that you did that worked well
- **10.** List three things that you would recommend to another tutor

### Refer also to:
